

Role Title**ANALYST, Active Portfolio Management – Portfolio Construction****Role Summary**

Whitehorse Liquidity Partners (“Whitehorse”), based in Toronto, is a fast-growing private equity firm focused on accelerating liquidity on private equity portfolios through structured solutions. Whitehorse seeks to provide customized and flexible liquidity solutions for private equity investors through the use of structured solutions with existing investors or outright purchases of portfolios which are subsequently structured into different securities. Whitehorse currently has over US\$12.0B under management. Whitehorse is seeking diverse, energetic, and dynamic individuals who thrive in a fast-paced, high-performance, entrepreneurial environment.

The Analyst plays an essential role in all activities of the Active Portfolio Management (“APM”) team. The APM team draws on diverse skill sets required to support a wide range of portfolio management activities, such as the evaluation and execution of all divestitures and financing transactions, including portfolio recapitalizations, subscription lines, and rated products, and the development of complex financial models to support top-down portfolio construction and day-to-day fund management decision making. The Analyst will also, from time to time, support other strategic firm-wide initiatives.

The Analyst has prior experience in private equity/secondaries, capital markets, investment banking, leveraged finance, transaction advisory or related fields and has a strong financial modelling skill set.
